DEERFIELD STREET SCULPTURE PROJECT

Call for Sculptors/2013

The Deerfield Street Sculpture Project, a springboard to the Greenfield Gateway Sculpture Project, invites sculptors to create an original sculpture to be installed Fall 2013. DEADLINE FOR APPLICATIONS IS FEBRUARY 4, 2013.

The Greenfield Gateway Sculpture Project is a unique arts project developed by the Town of Greenfield. Over the course of four years, four sculptures will be installed. The first sculpture, the Deerfield Street Sculpture Project, will be sited next to the Deerfield River, with the following three sculptures sited at three gateways into town for maximum visibility to town residents and visitors alike.

The competition is open to Western Massachusetts artists.

All sculptures should be designed as permanent, weather-resistant sculptures that celebrate the Town of Greenfield — its history and/or future, its commitment to the environment, its local agriculture, its place in the county as a crossroads or center, or other aspects of the community.

The 2013 sculpture competition is the first of four annual competitions.

The 2013 site: next to 278 Deerfield Street on the east side of the Deerfield River.

Award: \$5000 (includes time and materials)

Installation will be the responsibility of the Town of Greenfield in collaboration with the artist.

Upon selection, the sculpture will become the property of the Town of Greenfield, MA.
